## QUALITY

All of our laminated panels are created with state-of-the-art technology and premium raw materials. As an industry leader, VT is committed to providing customers with exceptional products from all major manufacturers of high pressure laminate.

## SUSTAINABILITY

We create every laminated panel using sustainable materials and environmentally friendly manufacturing methods. Each panel is crafted using water-based glue to eliminate the presence of volatile organic compounds and minimize the spread of pollutants.

## PRICE

VT offers laminated panel options to fit any price point. Whether you're in need of wide panels for a bustling office or small panels for an apartment kitchen, we can provide a quote that will match your budget.
