Countertops that you'd expect from the industry leader

## 3rd & Grand Condos

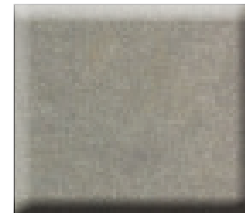

Tops Plus of Des Moines, IA is working on a 80 unit, high-end condo complex near the Iowa State Capital, Des Moines. The team at the Sac City facility made special tops made from special substrate that the trim carpenter provided them. The tops feature exposed front edges to match the interior cabinet and millwork package of the building.

Jeff Fanning of Tops Plus stated, "The coordination between VT's customer service, production and transportation on this job has been great since we had to address production and logistics issues that were pretty unique."
