

FACTORY FINISH SAMPLES

General Information:

- VT factory finish system provides the same stain formulas and high-quality finish on both 5-ply wood veneer flush and stile and rail doors for consistency throughout your project
- All factory finish samples illustrate basic color grain fill and gloss level of our UV cured factory system for both standard and custom stain color samples
- VT's factory finish meets or exceeds WDMA TR-8/AWS System 9 for UV cured acrylated polyurethane
- Natural veneers will have inherent color variation between heartwood and sapwood sections, and these may or may not be visible on some sample sizes, reference [Natural Veneer and Variations Technical Bulletin](#) for more information
- For questions regarding standard or custom stain colors, contact your Customer Service Representative or Territory Sales Manager
- Samples will ship via FedEx/UPS Ground, expedited shipping available with your FedEx/UPS account number at the time order

VT Standard Stain Colors:

- VT standard stain colors incorporate current color trends, offering distributors and architects a wide range of colors in our stock wood veneer species
- Standard stain offerings reduce lead times when compared to custom color matching
- All VT standard stain color samples available as 3" x 5" box sets and individual 8" x 10"
- Rotary Cut, Quarter Sliced, Rift Cut and non-stock species are available as individual 8" x 10"
- Available to ship within 24-48 hours from receipt of sample request
