

FULL LITE PARTICLE BOARD CORE DOORS

Based on successful endurance testing, VT now offers our standard warranty on full glass doors (1 3/4" or thicker) with a particle board core, the cut out is no longer limited to 40% of the door face with this core type.

Lite cut out cannot be any closer than 5" from the edge of the door (10" minimum at the bottom in accordance with ADA requirements).

Lite cut out cannot be any closer than 3 5/16" to adjacent cut outs or other hardware cut outs.

Note: 1 1/2" Minimum distance required between cut outs for SCL core doors.
